Education

2006–2010	PhD in Astronomy, University of Amsterdam Thesis title: <i>Exploring sub-luminous X-ray binaries</i>
2004–2006	Master degree in Astronomy (<i>cum laude</i>), University of Amsterdam

Research Positions

2020–present	Assistant professor (Universitair Docent), University of Amsterdam
2016–2020	Vidi research group leader, University of Amsterdam
2014–2016	Marie Curie research fellow, University of Cambridge, UK
2011–2014	Hubble research fellow, University of Michigan, USA
2010–2011	Postdoctoral researcher, University of Amsterdam

Publication Record Summary

First author	33 refereed publications (10 Letters, 3 reviews), 63 non-refereed publications
Co-author	117 refereed publications (21 Letters, 2 reviews), 135 non-refereed publications
Talks	28 invited talks, 26 colloquia and seminars, 19 contributed talks

Grants and Fellowships

2020	XS grant from NWO (50 000 euro)
2015	Vidi grant from NWO (800 000 euro)
2014	Marie Curie fellowship from the European Commission (280 000 euro)
2011–2014	Observing grants from Hubble, Chandra, XMM-Newton, Swift (605 000 euro)
2011	Hubble fellowship from NASA (340 000 euro)

Scientific Networks and Academy Memberships

2018–present	Member of the International Astronomical Union (IAU)
2017–present	International partner of the American science network JINA-CEE

Management Responsibilities

2020–present	Deputy chair of the Dutch science network NOVA-NW3
2020–present	Exam committee Physics & Astronomy program at the University of Amsterdam
2018–present	Leader of the MeerLICHT working group for accreting neutron stars
2017–present	Management Committee of the European neutron-star network PHAROS
2009–present	Leader of the Swift Galactic center X-ray monitoring team of the Swift satellite
2007–2009	Secretary of the Dutch national committee of astronomy education (LOCNOC)
